## ENVIRONMENT

Here at JCSD, the same dedication and commitment we extend to the community is matched by our appreciation and support of our employees. We're a close-knit organization that offers a dynamic working environment rooted in excellence and humility. To STRIVE for Excellence, we live by the following core values:

- S** **Speak Straight & Listen Generously** – Speak honestly in a constructive way that moves the action forward. Listen with care and without judgment ... most important, listen to understand and support. Say what you mean, and be willing to ask questions, share ideas, or raise issues that may cause conflict when it's necessary for team success. Address issues directly with those who are involved or affected. Rumors are destructive ... seek accurate information and only speak about things you know to be truthful.
- T** **Trust Our Team** – Strong teams are successful not just because they work together, but because they trust each other. Seek to build trust in all relationships ... personally, professionally and within our community. Assume good intentions and always give people the benefit of doubt. Recognize your weaknesses and have the trust to appreciate when your team is better at something than you.
- R** **Respect** – Focus on being warm, friendly and approachable ... ensure civility in all our actions. Be graciously humble ... recognize your team's success above your own. Every interaction with our team or a customer is an opportunity to create deeper, more meaningful relationships. Respect our process and take great pride in achieving exceptional outcomes. Own and celebrate the team's success, but also hold yourself accountable and learn from your mistakes.
- I** **Inspirational** – Be a leader ... take every opportunity to teach and help other learn and grow. Lead by example and never leave your team behind. Inspire with passion but keep perspective. When everyone is moving forward together, success takes care of itself.
- V** **Visionary** – Determined by the thought of what tomorrow can bring ...driven by grit to get it done today. Look ahead, anticipate and dream big. Build fruitful relationships within the industry ... draw upon the success of others to shape our future. Without vision, there is no action ... without direction, there is no purpose. Be relentless about improvement.
- E** **Empowered** – Don't accept anything at "face value" if it doesn't make sense to you ... don't be afraid to ask "Why?" Have the confidence and curiosity to challenge the "way we have always done it". Have a Growth Mindset in everything you do. Ask questions when you don't understand. Healthy, vigorous debate creates better solutions. Find a way to be exceptional.
